

Trine University Graduation Rates

These numbers reflect the graduation rate for incoming, full-time undergraduate students based upon their year of entry into the university. Degree completions are measured by the accepted federal guideline of 150 percent of program length, (three years for associate degrees, and six years for baccalaureate degrees).

Please note: Cohort refers to a first-time full-time degree-seeking undergraduate who either matriculated in that fall term or in the previous summer term.

Overall Graduation Rate for 2017 Cohort	
Graduation Rate	68.1%
Total number of students in the Adjusted Cohort	602
Total number of graduates within 150% of normal time	410
