Visit our [Get Transcript frequently asked questions \(FAQs\)](#) for more information. If you’re trying to get a transcript to complete FAFSA, refer to [tax information for student financial aid applications](#).

Note: Transcripts partially mask your personally identifiable information for protection. Financial data will remain fully visible to allow for tax preparation, tax representation or income verification. Learn more at [About Tax Transcripts](#). If you need a photocopy of your return, submit [Form 4506](#).

CAUTION: The IRS doesn’t initiate contact with taxpayers by email, text messages or social media channels to request personal or financial information. Visit [report phishing](#) for instructions if you’re unsure about the authenticity of any unsolicited communication you receive, other than U.S. mail, claiming to be from the IRS.

Ways to Get Transcripts

You may register to use [Get Transcript Online](#) to view, print, or download all transcript types listed below.

If you’re unable to register or you prefer not to use Get Transcript Online, you may order a **tax return transcript** and/or a **tax account transcript** using [Get Transcript by Mail](#) or call 800-908-9946. Please allow **5 to 10 calendar days** for delivery.

You may also request any transcript type listed below by faxing/mailling [Form 4506-T, Request for Transcript of Tax Return](#) as instructed on the form.

Transcript Types

We offer the following transcript types at no charge to you:

- **Tax Return Transcript** - shows most line items including your adjusted gross income (AGI) from your original tax return (Form 1040, 1040A or 1040EZ) as filed, along with any forms and schedules. It doesn’t show changes made after you filed your original return. This transcript usually meets the needs of lending institutions offering mortgages and student loans.
- **Tax Account Transcript** - shows basic data such as return type, marital status, adjusted gross income, taxable income and all payment types. It also shows changes made after you filed your original return.
- **Record of Account Transcript** - combines the tax return and tax account transcripts above into one complete transcript.
- **Wage and Income Transcript** - shows data from information returns we receive such as Forms W-2, 1099, 1098 and Form 5498, IRA Contribution Information. Current tax year information may not be complete until July.
- **Verification of Non-filing Letter** - provides proof that the IRS has no record of a filed Form 1040, 1040A or 1040EZ for the year you requested. It doesn’t indicate whether you were required to file a return for that year.

b) Then on the next screen, choose “**Form 4506-T**”.

About Form 4506-T, Request for Transcript of Tax Return

More In Forms and Instructions

Use Form 4506-T to request any of the transcripts: tax return, tax account, wage and income, record of account and verification of non-filing.

The transcript format better protects taxpayer data by partially masking personally identifiable information. Financial data remains fully visible to allow for tax preparation, tax representation, or income verification.

Because the taxpayer identification number is masked, there is a field on the [Form 4506-T](#)  to enter a Customer File Number which will display on the transcript. Learn more at [About Tax Transcripts](#).
